

PROFIEL

I'm an Independent Game Production student at Digital Arts & Entertainment (DAE), passionate about game design, production, and collaborative development.

Through game development, youth leadership, and competitive sports, I've developed a strong foundation in teamwork, communication, and problem-solving. I enjoy turning creative ideas into playable experiences and helping teams bring projects from concept to completion.

Game Designer & Producer

EDUCATION

Secondary Education Diploma – Human Sciences
2019 – 2023
Belgian General Secondary Education (ASO), with a focus on psychology, sociology, philosophy and human behaviour.

Independent Game Production – Digital Arts & Entertainment (DAE)
2025 – present
Specialised training in independent game development, covering game design, programming, art, production workflows and the creation of interactive experiences. See projects on my portfolio.

EXPERIENCE

Youth Leader – Chiro Hakilo (Belgian Youth Organisation)
2021 – 2024

- Planned and organized activities and multi-day camps in collaboration with fellow youth leaders.
- Supervised groups of children, taking responsibility for their safety, engagement, and well-being.
- Developed leadership, team coordination, communication, and problem-solving skills through hands-on responsibility.
